## LET OUR LIGHT SHINE

Back in February, the Tea and Postcard Brigade took part in a randomized controlled study for SisterDistrict to see if

handwritten postcards could be used to increase voter registration rates. Well, the results are in and the answer is YES! Unregistered voters in Pennsylvania who received a handwritten postcard 2 weeks after receiving a voter registration form in the mail were 20% more likely to fill the form out and return it compared to those who only received the form. Click [here](#) to read more about the study. And contact Liz at [euk369@gmail.com](mailto:euk369@gmail.com) to join the Brigade.
